

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

**Section: Narratives - Program Description**

**INTRODUCTION**

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Pennsylvania Department of Education (PDE) awards grants to local educational agencies (LEAs), to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state. LEAs must provide equitable services to students and teachers in nonpublic schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Please note: ESSER funds, under any part of 18003, **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

**\*ESSER funds are not Title I funds and as such, are not subject to Title I rules.**

**Please explain how the LEA will determine its most important educational needs as a result of COVID-19.** (3000 characters max)

The Continuity of Education Plan combined with parent, teacher, student, and staff feedback will be used to determine the most important educational needs as a result of COVID-19. In addition, student assessment data will be used to pinpoint specific areas of instruction and learning gaps that may exist because of the pandemic. Teachers will also complete a Gap Analysis Guide to identify areas of the curriculum and PA Common Core standards in ELA, Math, and Science that will need to be supplemented, retaught, or added to the beginning of the school year.

**Please explain the LEA's proposed timeline for providing services and assistance to students and staff in both public and nonpublic schools.** (3000 characters max)

The timeline for providing services and assistance to students and staff in both public and nonpublic schools will begin with start of the 2020-2021 school year and continue throughout the academic year.

**Please explain the extent to which the LEA intends to use ESSER funds to promote remote learning.** (3000 characters max)

ESSER funds will be used to purchase educational technology for students served by our district to support the Continuity of Education Plan. This technology will aid in strengthening the instructional interactions between students and classroom teachers allowing for the continuity of education to continue. In addition, the funds will be used to plan and implement summer and tutoring programs to meet the needs of all students including, but not limited to, students that have a learning or physical disability, ELL students, homeless students, and foster students.

**Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.** (3000 characters max)

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

Student learning gaps at the Elementary level will be assessed through DIBELS, GMADE, GRADE, and OHS Benchmarks. Gaps will be addresses through small-group instruction, MTSS, and individualized instruction. Progress monitoring will occur frequently. At the Junior-Senior High School students will be assessed through CDTs and Study Island.

**Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery. (3000 characters max)**

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

Previous year (2019-2020) assessment data will be utilized to document the progress of a student up until the implementation of the Continuity of Education Plan. In order to evaluate learning loss, students will participate in a BOY Benchmark assessment. Teachers, support staff, and administrators will compare the data from EOY benchmark 2019-2020 to the BOY results for 2020-2021. The same will be done with DIBELS, GMADE, and GRADE. The Continuity of Education Plan will be implemented, evaluated, and revised as needed to meet the needs of all students and emergency response efforts. Vulnerable student populations and families will have access to outreach counselors, social worker, and guidance counselor. Support services will be coordinated as needed to meet the needs of all students.

**Please describe the LEA core set of strategies that will be used to guide local investment of CARES funding, associated with short-range (i.e., remainder of the 2019-20 school year) and long-range (2020-21 and 2021-22 school years) timelines. (3000 characters max)**

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, one-time CARES funding may support these initiatives and how CARES funding might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of one-time funds.

Establishing a consistent K-12 online learning platform will refine and strengthen our remote learning delivery and evaluation of student progress while supporting the Continuity of Education Plan. CARES Funding along with Title IV monies will allow us to purchase devices and software, but also provide educational staff with professional development to utilize the online platforms, remote learning strategies, and online teaching support.

**Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)**

Teachers will complete a grade-level gap analysis in ELA, Math, and Science. This data will be shared

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

across grade-levels and used to modify our curriculum, pacing, and student expectations. A consistent online, standards-based platform will unify instruction across grade-levels. CDTs, OHS benchmarks, DIBELS, GMADE, and GRADE will serve as evaluative tools to monitor student learning and identify needs/gaps. Due to the impacts of COVID-19 teachers will back map learning and provide students with targeted instruction. The PSSAs and Keystone exams will serve long-term evaluative tools.
